Role of SCBs in the Economic Development of Marathwada Region

Mr. Deepak P. Khedkar*

ABSTRACT

Banking services are broadly spread overall the countries. Banking sector acts as a backbone of modern business. A well organised banking system is necessity for the economic development of the country. The scheduled commercial banks are playing an important role in the economic development of the country. If the banking system in a country is effective, efficient and disciplined, it brings a rapid growth in the MSME sector, service sector, and agriculture sector of the country. As we know that the agriculture sector is the backbone of economy of the any country like India. The general role of scheduled commercial banks is to provide financial services to general public and business ensuring economic and social stability and sustainable growth of the economy. Scheduled commercial banks mostly provide short term loans to small, medium and large scale enterprises in the country. Its primary functions are to receive, transfer and lend money to the individual (personal) businesses, government and financial institutes with surplus funds. They use those deposits and borrowed funds to make loans or to purchase securities. Indian banks consist mostly of schedule commercial banks which includes both public sector banks and private sector banks. This research study is based on the secondary data, which provide the essential findings on SCBs and how it helpful in the economic development of the country. So this research study will helpful in finding out that how SCBs are helpful in credit flowing, employment generation in the both urban and rural areas and how it will contribute in the development of Indian economy.

Keywords: Scheduled commercial banks, capital preservation, credit creation, productivity.

INTRODUCTION

A commercial bank is a type of banks that provides services such as accepting deposits, lending loans, and investing asset. A large number of formal institutional agencies like Co-operatives Banks, Regional Rural Banks, Scheduled Commercial Banks, Non-Banking Financial Institutions, and Self-help Groups etc. are involved in meeting the short-term and long-term needs of the customer. The major roles that commercial banks play in the economic developments of the country which are capital preservation and appreciation, credit creation, increasing productivity, development agriculture and foreign trade, implementation and execution of monetary policies etc. Both agriculture and allied industries are an excellent source of growth and national income. Both public and private banks are now involving themselves in a lot of agree-based activities as well as manufacturing industry activities. Due to liberalization, privatization and globalization the role of banking sector changed dramatically. The credit is one of the critical inputs for agricultural development.

BANKING

According to section 5(1) (b), "Banking means accepting for the purpose of lending or investment of deposits of money from the public, repayable on demand or otherwise and withdrawal by cheque, draft, or order or otherwise"

Banking regulation act -1949. According to section 5 (c) of the BR Act 'A banking company is a company which transacts the business of banking in India

A bank is a financial institution which mobilizes savings from the people as deposits and provides loans. In the Indian banking structure, central bank in the name of Reserve Bank of India regulates, directs and controls on the banking institutions. RBI is the central bank of our country which was established on 1st April 1935 under the RBI act of 1934. It holds the top position in the banking structure. Indian banks are classified into commercial banks and Co-operative banks. Commercial banks comprises: (1) Scheduled commercial banks and (2) non-scheduled commercial banks. SCBs are further classified into public sector banks, private sector banks, foreign sector banks and co-operative banks.

STRUCTURE OF SCHEDULED COMMERCIAL BANKS

- **Scheduled Banks:** Banks which have been included in the second schedule of RBI Act 1934. The scheduled banks have a paid-up capital and reserves of gross value of not less than Rs 5 lakhs, they have to persuade the RBI that their affairs are carried out in the interest of their depositors.
- **Public Sector Banks:** Public sector banks are the financial institutions in which the majority of stakes are held by the central government, which should be more than 50% in our country. There is no difference between the nationalised banks and public sector banks. With the announcement made on 30th August 2019, the no. of PSBs comes down from 27 to 12.

- (a) Discounting bills of exchange: It is a written agreement acknowledging the amount of money to be paid against the goods purchased at a point of time in the future. The amount can also be cleared before the quoted time through a discounting method of a commercial bank.
- (b) Overdraft Facility: It is an advance given to a customer by keeping the current account to overdraw up to the given limit.
- (c) Purchasing and Selling of the Securities: The bank offers you with the facility of selling and buying the securities.
- (d) Locker Facilities: Bank provides lockers facility to the customers to keep their valuable belonging or documents safely. Banks charge a minimum of an annual fee for this service.
- (e) Paying and Gather the Credit: It uses different instruments like a promissory note, cheques and bill of exchange.

ROLE OF SCHEDULED COMMERCIAL BANKS:

Banks are one of the most important parts of any country. In this modern era, its necessity is very important. A developed financial system of the country ensures to attain development. In the modern scenario, all banks have provided loans and advances, outstanding credit facility to agriculture, industry, transport operators, trade, finance, personal loan, professional and other services etc. The primary role of the bank credit is generating employment opportunities and set up MSMEs in the rural, semi urban and urban areas.

The above table no. 2 and table no. 3 describe the outstanding credit position of occupation wise scheduled commercial banks in the Marathwada region. The large amount of outstanding credit is shown in Aurangabad, Beed, Nanded, Jalna, Parbhani, and Latur districts because those are geographically big areas and there are agricultural, industrial, transport, professional services, personal loans like housing loans, purchase of consumer durables loans, trade and finance related services have been provided to the customers in large scale. Hence the SCBs has been disbursed credit to the priority sector, industry, trade and finance but the outstanding credit amount is not recovered by the bank at the end of march 2018 and 2019.

CONCLUSION

According to the Reserve Bank of India Act-1934, all Indian and Foreign banks are classified into two categories i.e. scheduled and non-scheduled banks out of these the scheduled commercial banks are promoting banking services to the all sectors which are contributing in the economic development of Marathwada region in Maharashtra state. Scheduled commercial banks are concentrating on providing more modern banking services to the rural areas. This sector has been the backbone of Indian economic development. In the modern era, all banks want to give first priority to the rural areas while disbursing credit to agriculture, micro, small and medium enterprises. The main roles of SCBs have to increase the large number of employment generation in the both urban and rural areas in Marathwada (Maharashtra) region in India.
